Star Sponsorship Program

Every year Avicenna Academy receives applications from students whose parents are not able to pay full tuition. In an effort to provide these students with the Islamic education their parents desire, we have started the Star Sponsorship Program. Donations made to the Star Sponsorship Program will be used to support the education of incoming students from families exhibiting financial need. Donors may give a set amount of money and when their funds are used to support a new student, they will receive general information regarding the student that their donation supports, which includes anonymous, quarterly academic updates and progress reports from Quran teachers.

Donations are tax deductible and considered toward fulfillment of Zakat. Donations made prior to January 1st will be issued a tax deductible receipt for this year. As always, you are encouraged to come to the school, visit the classrooms and meet our administration, teachers and our stars, the students. For more information on Avicenna Academy or how to contribute to the Star Sponsorship Program, please contact Amanda Arceo, principal of Avicenna Academy and Star Sponsorship Program Coordinator. She may be reached at (219) 736-7100 or AvicennaStarSponsorshipProgram@gmail.com.

Donations may be made to Avicenna Academy and mailed to:

Please send your donation now, to change the life of a Muslim child.
May Allah multiply your reward many times over and grant you a place in the highest of
Janna.
